## **Public Informational Meeting** **Suncook River Geomorphology-based Alternatives Study** *Meeting July 24 in Epsom*

Concord, NH - The New Hampshire Department of Environmental Services and the town of Epsom are hosting a public informational meeting to discuss parameters of a Suncook River Geomorphology-based Alternatives Study. The meeting will be held Tuesday, July 24, from 6:30 to 8:30 pm at Epsom Central School, 282 Black Hall Road in Epsom.

A consulting team has been hired to complete a thorough analysis of the river because of the changes to the river as a result of the May 2006 floods. To ensure public input during the study, the Town and DES are holding this meeting to keep the public informed of the study, and to seek information from the community that will be important to making the study successful.

The meeting objectives are to familiarize the public with the Suncook River Geomorphology-based Alternatives Study, its intent, work plan, and schedule; and to gather information from the town citizens on the list of specific issues of concern.

### Meeting Agenda

6:30 p.m. to 7:15 p.m.	Introduction and Overview
7:15 p.m. to 8:00 p.m.	Open House - Informal Issue Discussion Stations
8:00 p.m. to 8:30 p.m.	Summary and Open Public Comment Period
8:30 p.m.	Adjourn
